

STC-SA2360CE is OBSOLETE

See PMA Supplements 5 and 34

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SA2360CE

This certificate, issued to: McFarlane Aviation, Inc.
R. R. 3
Baldwin City, KS 66006

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 8 of the Civil Air Regulations, effective October 11, 1950, CAM 8, Appendix B, as amended March 19, 1957, plus applicable FAR 23 paragraphs.

Original Product—Type Certificate Number: 1A16
Make: Schweizer
Model: G-164, -164A, and -164B

Description of Type Design Change: Installation of aileron control cable assemblies as defined in McFarlane Aviation, Inc., Chart of Data, Revision 1, dated November 24, 1987, or later revisions stamped "FAA Approved."

Limitations and Conditions: This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the airplanes.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 1, 1987

Date issued:

Date of issuance: March 2, 1988

Date amended:
